1. Objective

The Department of Small and Local Business Development (DSLBD) is excited to announce that it will begin soliciting applications for the **CBE Green Contract Services Grants (CBE Green)** starting June 10, 2022.

The CBE Green grants are for Certified Business Enterprises (CBEs) to provide direct support to small, resident-owned, and disadvantaged CBEs pursuing contracting opportunities with the DC Sustainable Energy Utility (DCSEU). DSLBD seeks proposals from CBEs to provide back-office direct support and training in the areas of proposal development, budget development, and contract management.

CBE Green is an initiative within DSLBD to support CBEs into the expanding green and sustainable energy and buildings market. In partnership with DC’s Department of Energy and the Environment (DOEE), DSLBD is supporting CBEs through additional training opportunities to prepare them for DOEE, DCSEU, and more green market opportunities.

Direct back-office support and training are key building blocks to prepare CBEs businesses for participation in market opportunities. CBE Green grants are intended to provide critical back-office support to CBEs including accounting, proposal development, legal support, project management, and internal systems development.

DSLBD will refer CBEs to CBE Green grantees for support and training during the grant period of performance starting on or around July 15, 2022, and ending September 30, 2022.

DSLBD intends to award three (3) to five (5) grants for a mix of support from the $200,000 in total available funding for Fiscal Year 2022. Applicants may apply for funding of up to $100,000 to provide back-office services for 25 to 100 CBE businesses pursuing or preparing to pursue green procurement opportunities.

6. Scoring Criteria

The following criteria will be used to evaluate all eligible applications. Applicants are encouraged to review their submissions against these scoring criteria before submitting a final application.

A. Will the proposed project provide critical support in the areas of accounting, proposal development, legal support, project management, internal systems development, or similar back-office services? (20 points). This CBE Green initiative is focused on back-office services for CBES pursuing green and sustainable market contracting opportunities. DSLBD has designated focus areas but will consider novel proposals for back-office support that benefit CBES.

B. Is the proposal realistic in the projected timelines, expenditures, and project goals? (20 points). Projects will run during the summer of 2022 and will need to be completed by September 30, 2022. Can the project be implemented and funds be expended in the project timeline? Only costs expended after July 15, 2022, and by September 30, 2022, are eligible to be expensed against the grant.

C. Do the providers have past performance in the area of the support proposed? (20 points). Providers should have demonstrated experience in the area of the support they are proposing.

D. Are the proposed supports targeted to help CBES achieve success in contract development and contract delivery? (20 points). Proposed supports should be targeted towards CBES achieving contract awards and performing well on subsequent contracts and subcontracts.

E. Will the project increase access to opportunity for small, resident-owned, and disadvantaged CBES? (20 points). DSLBD supports equitable grantmaking and access to contract opportunities.
7. Selection Process

DSLBD will select grant recipients through a competitive application process. A review panel may be composed of agency partners, members of the public, and DC Government employees to review eligible applications received by the submission deadline and score them against the above criteria with respective weight. DSLBD will select a mix of different direct services to support CBEs.

The DSLBD program team will review the panel reviewers’ recommendations and report them to the Director of DSLBD who will make the final determination of grant awards.

8. Award Information

Grant Award Notification
Grant notifications are expected to be made on or about July 15, 2022. All other applicants will be notified of the decision no later than one week after the initial notification is made to selected applicants.

Formal Grant Agreement
Selected applicants will need to sign an individual grant agreement with DSLBD. The agency anticipates signing grant agreements between DSLBD and the grantees by July 15-22, 2022. If you are a previous DSLBD grantee, your award may be contingent upon completion of previous grant reporting. If agreements are unable to be executed by July 22, 2022, because the awarded grantee cannot meet the post-award requirements for any reason, then the grant funds may be forfeited.

Additional Survey Assessment
DSLBD anticipates further survey assessment of awarded businesses following the finalization of grant agreements.

Grant Reporting
The grant agreement will require additional documentation and reporting. This will include an approved budget and only costs outlined under the grant with appropriate documentation (receipts) will be accepted as proof of appropriate expenditures. Failure to submit documentation of proper expenditures may result in a requirement to return funds not properly accounted as expended on allowable costs.
Grantees are required to prepare a final report by October 30, 2022, providing proof of appropriate expenses made and impacts of the grant.

**Disbursement (Payment)**

Terms of disbursement shall be determined after applicants are selected but may include the collection of additional documentation such as an IRS W-9, additional proof of insurance, and ACH payment documentation. We anticipate most grants will be disbursed in one lump sum. The District of Columbia Government pays all invoices within thirty (30) days of receipt of invoice. **This 30-day timeline starts after an executed grant agreement is in place, a recipient is fully registered to receive payment via the District’s payment systems or selected 3rd party payment systems, a purchase order number has been successfully created, and the grantee successfully submits an invoice in the required system.**

**Modifications**

Additional or modified information may be required as part of a final grant agreement. An awardee that cannot provide these and other requested materials by July 22, 2022, may be disqualified and DSLBD may award the grant to another applicant.

**9. Important Legal Disclaimers**

This section includes the following reservations that DSLBD makes in releasing this RFA.

**A. Contingent**

Funding for this award is contingent on continued funding from the District. The RFA does not commit the Agency to make an award.

**B. Application Acceptance**

Following the closing of the application deadline(s), DSLBD will not review applications that do not comply with all instructions in the RFA. The agency reserves the right to accept or deny any or all applications if the agency determines it is in the best interest of the District to do so. The agency may suspend or terminate an outstanding RFA pursuant to its own grant making rule(s) or any applicable federal regulation or requirement.

Applications must be made through the online portal. DSLBD will not accept applications submitted via hand delivery, email, mail, or courier service. DSLBD will not review late submissions or incomplete applications.
C. Notice of Funding Availability

DSLBD published the Notice of Funding Availability (NOFA) in the DC Register and the OPGS Funding Alert. The NOFA is available at http://dslbd.dc.gov/.

D. Conflicts

In the event of a conflict between the terms and conditions of the grant application and any applicable federal or local law or regulation, or any ambiguity related thereto, then the provisions of the applicable law or regulation shall control, and it shall be the responsibility of the applicant to ensure compliance.

E. Costs of Applications

Neither DSLBD nor the District of Columbia Government shall be liable for any costs incurred by an applicant in the preparation of any grant applications for a CBE Green grant. All costs incurred in developing and preparing any grant application shall be the applicant’s sole responsibility.

F. Reservation of Rights

a. DSLBD reserves the right to issue addenda and/or amendments subsequent to the issuance of the NOFA or RFA, or to rescind the NOFA or RFA. DSLBD will post addenda or amendments in the online application (see below). Applicants are responsible to review and adhere to any RFA addenda or amendments.

b. DSLBD may suspend or terminate an outstanding RFA pursuant to any other applicable local, state, or federal regulation or requirement.

c. DSLBD may conduct pre-award on-site visits to verify information submitted in a grant application.

d. DSLBD serves as its own reference in evaluating applications. Grant decisions may reflect applicants’ performance in managing previous grants.

e. DSLBD may enter into negotiations with an awardee and adopt a firm funding amount or other revision of the awardee’s proposal that may result from the negotiations.
