Purpose of Grant

DC Main Streets (DCMS) is a program established by the Government of the District of Columbia to stimulate the economic revitalization of declining commercial districts through application of the Main Street Approach®. The National Main Street Center has licensed DC Main Streets within the District of Columbia.

The DC Main Street Grant provides funds to organizations that will develop programs and services to: (1) assist business districts with the retention, expansion and attraction of neighborhood-serving retail stores; and (2) unify and strengthen the commercial corridor.

DSLBD will designate one program per neighborhood, for six designations in total. The grant is a multi-year, renewable grant, which will be awarded every year in which the designated program continues to meet all performance standards established by DC Main Streets. The annual DC Main Streets allocation is subject to change but it was \$150,080 per program in FY 2019. Funding for this award is contingent on continued funding from the grantor. The RFA does not commit the Agency to make an award.
