## FY20 Small Business Enterprise (SBE) Opportunity Guide

5TH EDITION

**MAYOR  
MURIEL BOWSER**

Dear Small Business Stakeholder:

Small businesses are the backbone of Washington, D.C.'s economy - they hire locally, spend locally, and understand our local successes and challenges. Small businesses have not only helped us drive down unemployment and achieve a AAA bond rating, they have also helped build thriving business corridors across all eight wards and provide more Washingtonians with a pathway to the middle class.

Because they provide a fair shot to thousands of residents and workers, the Bowser Administration is proud to do everything we can to ensure local entrepreneurs and businesses succeed. One way we do this is by leveraging our procurement dollars to support small business growth. We do this most effectively when local businesses know about and can plan for opportunities to work with D.C. Government. That's why, coming into office, we created this Small Business Enterprise (SBE) Opportunity Guide—known as the Green Book.

By providing an overview of procurement opportunities within D.C. Government and with our regional partners, the Green Book allows D.C.'s nearly 73,000 small businesses to find and seize local business opportunities.

Since the Green Book's first release four years ago, I am proud to say that each year we have not only been able to set higher goals, but also exceed those goals. My first year in office, we set a goal of spending just over \$317 million with SBEs; four years later, our new goal is \$910 million. To help us reach our goals, we have once again included business opportunities with regional partners, including the Metropolitan Washington Airports Authority, Pepco, Washington Gas, DC Water and the Washington Metropolitan Area Transit Authority.

I am proud of the role small and local businesses have played in helping us build a more inclusive and prosperous Washington, D.C. By working together, we can propel SBEs' continued growth and help more Washingtonians participate in our city's prosperity.

Sincerely,

A handwritten signature in black ink that reads "Muriel Bowser".

Muriel Bowser  
Mayor

**DEPUTY MAYOR  
JOHN FALCICCHIO**

Dear Small Business Community:

Year after year, Washington, D.C. has earned the top spot on prominent industry and business lists, including being named as one of the best cities for young professionals, tech startups and women entrepreneurs. And thanks to Mayor Bowser's commitment to grow the District's economy, this city is consistently recognized as an attractive place to do business.

Under Mayor Bowser's leadership, the Office of the Deputy Mayor for Planning and Economic Development, known as DMPED, remains committed to empowering and supporting our local and small businesses through unique programs and grant opportunities.

In the past year, DMPED has:

- Awarded \$2.1 million in Great Streets grants to 45 local small businesses to help them thrive, hire D.C. residents and grow in emerging neighborhoods;
- Invested \$3 million in Neighborhood Prosperity Fund grants that will bring new food, retail, and other neighborhood amenities to often overlooked neighborhoods;
- Prioritized the identification of potential relocation properties for District Government agencies in Wards 7 and 8 when considering office space;
- Hosted the city's first-ever Retail Business Summit, a gathering of local retailers, entrepreneurs, and members of the small business community to discover ways we can build and grow D.C.'s retail economy;
- Re-launched the Obviously DC campaign to encourage businesses to choose D.C. as their place of business;
- And so much more to guarantee our Mayor's vision of creating a place where homegrown entrepreneurs and small businesses have a fair shot at succeeding.

Another way we ensure success is leveraging the District's significant procurement power to grow local businesses, particularly in overlooked and underserved corridors. This guide is a useful tool designed to help Small Business Enterprises access the more than \$910 million dollars in contracting opportunities available to SBEs in FY20 in all eight wards. Through these procurement opportunities, we are hopeful that District-based small and resident-owned businesses can continue to grow in the District of Columbia.

Sincerely,

A handwritten signature in cursive script, reading "John Falcicchio".

Interim Deputy Mayor for Planning and Economic Development

**DIRECTOR,  
DEPARTMENT OF  
SMALL AND LOCAL  
BUSINESS  
DEVELOPMENT  
KRISTI C. WHITFIELD**

Greetings Small Business Community,

As Mayor Bowser has excitedly exclaimed, "Washington is winning! Our sports teams are winning! Our schools are winning! And the city is experiencing unprecedented prosperity." At the Department of Small and Local Business Development (DSLBD), we remain laser-focused on finding new and innovative ways to make sure that the District's small business community is also winning.

This year, we are proud to announce that the Bowser Administration plans to spend \$910 million with District Certified Business Enterprises (CBEs). Keeping procurement dollars local is good for our businesses, our communities and our city as a whole.

Under Mayor Bowser's leadership, the team at DSLBD works hard every day to support the development, economic growth and retention of District-based small and local businesses. Over this past year alone, DSLBD has celebrated:

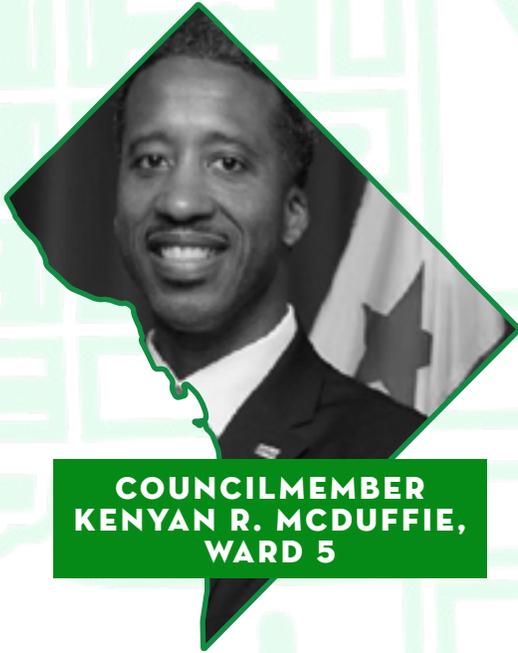

- Over 300 loans totaling more than \$1.5 million to local small businesses;
- Over 65 Robust Retail grants totaling \$1 million to small businesses to help them thrive and prosper in the District's ever-changing competitive economy;
- Our 2nd Annual District Connect that linked over 400 District business representatives with access to procurement and lending opportunities;
- The opening of a first-of-its-kind Made in DC retail pop-up at National Airport, providing the one-of-a-kind opportunity for several District-based makers and creatives to expand their business model and showcase their products on an international scale;
- The collection over \$1 million in fines to businesses that were not in compliance with their required CBE spend;
- A record-breaking Art All Night that brought over 110,000 visitors into District commercial corridors and neighborhoods for our citywide art festival, which helped local businesses see as much as 70% in sales growth that evening alone;
- Over 1,400 citywide spot checks of registered CBEs to ensure their compliance with program requirements;
- Successfully advocating to ensure 100% of the DC PLUG initiative was set-aside for District CBEs;
- The awarding of our 2nd round of Dream Grants for \$160,500 to Wards 7 & 8 Microbusinesses; and,
- The graduation of the 5th class of programming for Aspire to Entrepreneurship that continues to boast a 0% recidivism rate.

This 5th annual Green Book is yet another example of the Mayor's commitment to providing a fair shot to every District resident and business, as well as her steadfast dedication to further transparency in government. The Green Book levels the playing field for CBEs and as a former business owner I am proud to advocate every day on behalf of the District's small and local business community to propel them towards a win on whatever field they play.

Sincerely,

A handwritten signature in black ink that reads "Kristi C. Whitfield".

Director, D.C. Department of Small and Local Business Development

---

Dear Small Business Stakeholder,

Small and local businesses are the engines of our local economy and vital to the District's fiscal health. I am proud to support local small businesses and entrepreneurs as Chair of the D.C. Council's Committee on Business and Economic Development (CBED). The Committee is responsible for matters concerning small and local business development policy, fosters inclusive development and drives smart public investment through thoughtful and efficient oversight and leadership.

As Chair, I make a point to connect with small business owners and invite them to provide feedback - both informal and through Council testimony - on what they need to thrive in the District of Columbia. What I often hear articulated is a desire for the District government to be more accessible, transparent, and streamlined. The release of the fourth annual Small Business Enterprise Opportunity Guide (Green Book) represents one tool to assist you in accessing opportunities presented by District government.

Despite numerous tools and programs currently in place to support local entrepreneurs, rising real estate and operating costs continue to present a challenge to many small businesses. These businesses serve as both economic drivers and anchors of our community. That is why I recently introduced Bill 23-432, the *Protecting Local Area Commercial Enterprises (P.L.A.C.E.) Amendment Act of 2019* or the "Affordable PLACE Act." This bill was crafted with the input of the small business community and aims to help businesses facing rising costs by establishing the Legacy Business Program within Department of Small and Local Business Development (DSLBD) to create a register of legacy businesses, promote and raise awareness of legacy businesses, and provide technical and financial assistance.

I also fought tirelessly to ensure small and local businesses have opportunities in new and emerging industries. New programs such as the *Sustainable Energy Infrastructure Capacity Building and Pipeline Program* will help CBE-eligible firms increase their capacity to engage in renewable energy and efficiency design opportunities. Businesses in the CBE program will also receive preference to compete and receive training for sports wagering contracts under the *Sports Wagering Small Business Development Program*.

When small business succeeds, the District succeeds. By bringing together the business community, government, and residents we can continue working towards inclusive economic growth within the District.

Sincerely,

Kenyan R. McDuffie, Ward 5  
Chair, D.C. Council Committee on Business and Economic Development  
Chair Pro Tempore, D.C. Council

**CBE  
HIGHLIGHTS****EDDA RAMOS** Managing Director, Bridging Technologies

DSLBD has been a strong advocate for our small business, especially with the time and effort put in to helping us navigate through any business challenges we've encountered. The level of support and collaboration is amazing and I would like to specifically thank the DSLBD team for the extraordinary service they provide to the small business community! It's nice knowing there exists a sort of "security net" when it comes to needing a place to go to get all of our small business questions answered. Whether it's through matchmaking or learning opportunities, DSLBD always has a helping hand to offer.

**CBE  
HIGHLIGHTS****WAYNE PERRY**, Chairman, CEO, Cornerstone Concillium, Inc.

I am Wayne Perry, chairman and CEO of Cornerstone Concillium, Inc., a firm established in 1986 that capitalizes on expertise in the areas of transit engineering, facilities planning, maintenance and operations assessment services to provide valuable solutions to our clients. We value our relationships with key professionals in the Department of Small and Local Business Development (DSLBD), who have helped us grow our business in D.C. With the guidance of several staff members and the director, we obtained our Certified Business Enterprise (CBE) certification. We are aggressively researching pursuits with multiple agencies within the District Government by leveraging the contacts we meet at DSLBD's small business conferences and training sessions, and utilizing our valuable relationships we've been able to build as a result of our work with DSLBD's DC PTAC team.

**CBE  
HIGHLIGHTS****LUC BRAMI**, Principal, Gelberg Signs

I am Luc Brami, principal of Gelberg Signs, a full-service premier company that partners with large and small businesses around the country and in Washington D.C. to provide design, fabrication, installation, engineering and other services as related to large and small scale signage needs. And, this year we are celebrating our 78th year in business! We have worked with DSLBD since 1989, and as a Certified Business Enterprise (CBE), we are proud to be able to service District Government agencies with their projects each year. Having this certification has opened many doors for us. We been fortunate to be have been granted work for large-scale D.C. projects such as the Smithsonian's African American History Museum, Audi Field, Nationals stadium, and almost every sign on the Metro transit system, just to highlight a few. It has been extremely helpful having DSLBD as a resource and partner. Their matchmaking and networking sessions have helped keep us top of mind for area prime contractors, agencies and other business partners.

**CBE  
HIGHLIGHTS**

**JON STOVER**, Managing Partner, Jon Stover & Associates

I am Jon Stover, managing partner at Jon Stover & Associates, an economic development firm with the mission of strengthening neighborhoods. My firm has benefited from DSLBD programs from just about every angle. As a CBE, we have gained access to DC Government-funded contracts that would not have been possible otherwise. As economic development consultants, we help connect local businesses to a wide range of grants and technical assistance programs provided by DSLBD and the DC Main Streets program. And, as a small business learning the ropes on the fly, we've been grateful for the large assortment of information that is made available as well as for the training, networking and resources. Since first becoming a CBE in 2013, my company has grown from being a one-person consultant to a team with three full-time staff. I'm proud to be a CBE and certainly encourage other entrepreneurs and small business owners to take advantage of DSLBD's fantastic programs.

**CBE  
HIGHLIGHTS****MARVA MARSH** Owner, Healing Hands

I am a proud D.C. resident, entrepreneur and owner of Healing Hands Physical Therapy Services, Inc., an outpatient rehab facility. During these challenging times for small businesses, characterized by rapidly changing healthcare public policies and decreased healthcare service facilities and provider fees, DSLBD has served as a viable conduit for my business. Through our relationship with DSLBD, Healing Hands was invited to participate in two individualized matchmaking opportunities for insurance healthcare plan administrators with Kaiser Permanente, United HealthCare, Aetna and CIGNA. The matchmaking opportunity proved to be extremely beneficial for Healing Hands as it helped us develop a new, meaningful relationship and granted us credentialing with The Kaiser Permanente Network for physical therapy services. DSLBD has opened many doors for Healing Hands and we are better positioned because of that!

**CBE  
HIGHLIGHTS****MICHAEL AKIN** President, Link Strategic Partners

We are so proud to be a DC Certified Business Enterprise (CBE), and not just because we love this city (we do!), but also because this is a wonderful place to conduct business. Like anything else in life, we find that what you put into the CBE program is what you get out of it. By taking full advantage of the support and opportunities provided by DSLBD and other District agencies, we have been able to: 1) grow our firm to become a national, award-winning local shop, 2) do good work, both in DC and communities around the world, and 3) hire even more DC residents! THAT is the ultimate win, win, win.

**CBE  
HIGHLIGHTS****PAUL WINESTOCK** Director, S.O.N.G. Owner, Winestock LLC

I am Paul Winestock, director of Saving Our Next Generation (S.O.N.G.), a 501(c)(3) non-profit organization that works with at-risk youth, returning citizens, individuals with disabilities, LGBT communities and more. Through S.O.N.G, I work with DSLBD to manage three Clean Teams, of which I employ 10 people - all of whom are returning or justice-involved citizens. I also own Winestock LLC, a CBE that serves as a general contractor that provides services in the Washington D.C. area. Working with DSLBD has been very beneficial for my professional ventures as I have gained the necessary insights and business connections that I have used to further grow my businesses and gain new contracts. I am very thankful for what DSLBD does to help small business owners, entrepreneurs and others who want to grow their ideas into a business. The staff is always helpful and there when I need them.

**CBE  
HIGHLIGHTS****PEDRO ALFONSO** Chairman and CEO, Dynamic Concepts Inc.

Throughout the many years we have been in business, the DC Certified Business Enterprise (CBE) Program has given Dynamic Concepts Inc. (DCI) the opportunity to compete on the open market, develop needed expertise, build capacity, establish strategic partnerships and grow from a business start-up with a staff of four to the company we are today with over 300 employees. DCI often had the skills to do the job but were disadvantaged because of our size and the added costs of operating as a base business in the District and the negative biases due to our diversity. Fortunately, the CBE Program, through the auspices of agencies like DSLBD, helped to level the playing field. Because of the assistance we received from the CBE Program over the years we now can train and hire local residents from our own training academy, provide subcontracts to smaller CBEs, pay our share of DC taxes and remain a legacy business in the District celebrating our 40th year in business.

**CBE  
HIGHLIGHTS**

I am Pinkey Reddick, founder of PINKE's E.A.T.S., a family-owned and operated small business providing catering, food delivery and services that offer healthy alternatives to traditional food. DSLBD connected me with WACIF and helped put me on the path to be able to participate in a WACIF accelerator program that I knew would help me grow my business. Having now completed the accelerator program, I have seen tremendous growth in my business in just a short time. DSLBD and WACIF also provided the necessary resources to help me become CBE-certified, allowing me to bid and work for local government agencies. Being a CBE-certified company has helped me see increased revenue and has also improved my visibility among potential clients I normally would not have had access to or been able to serve. DSLBD staff have a wealth of knowledge and the agency provides great workshops and events that help make it possible to find what you need to be a sustainable business in the District.

**CBE  
HIGHLIGHTS****RONNETTE MEYERS** President, CEO, JLAN Solutions

I am Ronnette Meyers, president and CEO of JLAN Solutions, a full-service IT management and consulting firm. As a minority and woman-owned small business located in DC, DSLBD has been instrumental in facilitating JLAN Solutions' certification to do business in the District. JLAN Solutions has taken advantage of several of the small business training sessions offered by DSLBD, which have helped position our company with the right tools to serve as a valued business partner to numerous D.C. and Federal Government agencies, as well as to potential teaming partners. Since JLAN was awarded our CBE Certification, we have received work from two different District agencies and we were honored with DSLBD's CBE of the Year award in 2018. DSLBD, in partnership with the PTAC, has supported the growth of JLAN Solutions every step of the way.

**CBE  
HIGHLIGHTS**

I am Victor P. Holt, a lifelong resident of the District, Air Force veteran and president and CEO of V-Tech Solutions, Inc. We provide analytics, cyber, technology and health management services to state, local and federal clients. As a District-certified CBE, V-Tech Solutions, Inc. regularly leverages the various services and programs that DSLBD offers. DSLBD outreach and training programs have been instrumental in assisting my organization in obtaining our DC Supply Schedules, navigating Mayor Bowser's Green Book and helping us focus our business strategies, which lead to successful contract awards! We also utilize the services of the DC PTAC, who have been instrumental in assisting us in defining our marketing and business development strategies, reviewing our D.C. Supply Schedule submissions and introducing us to District and Federal agency stakeholders.

# **GUIDE OVERVIEW**

# HOW TO USE THIS GUIDE

## GUIDE OVERVIEW

The Green Book—coupled with the online resource [CBEconnect.dc.gov](https://cbeconnect.dc.gov)—is designed to help Small Business Enterprise (SBE) business owners:

### Understand The Government Of District Of Columbia's:

- **Goal for spending its Fiscal Year 2020 budget** with with SBEs via agencies subject to monitoring (summary page 9; agency detail pages (45 to 132); and
- **Progress on spending its Fiscal Year 2019 budget** with SBEs subject to monitoring (summary page 9; agency detail pages 45 to 132).

### Learn How To Use The Data In This Guide And At [CBEconnect.dc.gov](https://cbeconnect.dc.gov) to:

- Understand the **types of products and services** sought by the D.C. Government;
- Locate **current and pending contract opportunities** for these products and services;
- Consider whether to **expand a business to compete** for contracts that request products/services similar to its current business model; and
- Connect with free, **in-depth contracting assistance** to help small and local businesses build their capacity to compete effectively for D.C. Government contracts.

## WHAT ARE SMALL BUSINESS ENTERPRISES (SBES)?

This guide focuses on Small Business Enterprises (SBEs). SBE is a subcategory of the D.C. Government's Certified Business Enterprise (CBE) program that gives certified businesses a preference when bidding on D.C. Government contracts.

To be certified as an SBE, a business must demonstrate that they are local and receive the Local Business Enterprise (LBE) designation. Then, the business must demonstrate that it is independently owned, operated, and controlled; meets the U.S. Small Business Administration definition of a small business; and has not exceeded DSLBD thresholds for annualized gross receipts over the past three years.

## WHICH AGENCIES ARE INCLUDED IN THE GUIDE?

There are 88 monitored agencies included in this guide.

Monitored Agencies have budgets with expenditures that can be spent with SBEs and will be monitored to determine if they meet their annual SBE Spending Goal. Review the list of these agencies on pages 41

to 44, and their individual agency detail on pages 45 to 132.

Non-monitored Agencies or Funds do not have an expendable budget and are not required to participate in the D.C. Government's SBE goal setting process.

## NAVIGATING GREEN BOOK TERMS

The Summary of Agencies Monitored for FY20 SBE Spending (page 9) and individual agency pages (pages 45 to 132) of this guide contain the following information:

1. FY20 BUDGET Details
2. FY20 SBE Spending Goal & Calculation
3. FY20 Planned Acquisitions Highlights
4. Previous Fiscal Years' SBE Spending

### 1. FY20 BUDGET Details

**Total Budget** is the Fiscal Year 2020 (FY20) Total Appropriated Monitored Budget, which includes operating and capital dollars. FY20 begins October 1, 2019 and ends September 30, 2020. FY20 BUDGET information published in this book is current as of October 30, 2019. For the most current data, please visit [CBEconnect.dc.gov](http://CBEconnect.dc.gov).

**Personnel & Fixed Costs** are the expenditures for agency staff salaries, utilities, rent and other fixed costs that cannot be contracted out to SBEs. These costs are not subject to the SBE spending requirement. These are also called **Automatic Exclusions**.

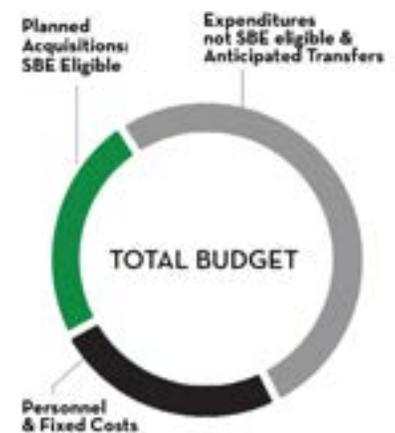

**Expenditures that agencies proposed and DSLBD confirmed are not SBE eligible & Anticipated Transfers.** This amount is also referred to as **Special Exceptions** and comprises the types of expenditures listed below. During FY20, agencies may report that some of these funds are contracts for which SBEs may apply. DSLBD will update the agency's online record at [CBEconnect.dc.gov](http://CBEconnect.dc.gov).

**a) Anticipated Transfers** are funds that one agency will transfer to another agency for services. For example, the transfer of funds from an agency to the Office of Chief Technology Officer to provide technology upgrades.

**b) Reasons to approve Special Exceptions** are outlined in 27 DCMR 830.6 and approved by the DSLBD Director, which may include:

- No SBEs are available to provide the product/ service due to lack of availability, interest and/ or business capacity;
- Local or federal law controlling the expenditure of the funds (such as Medicaid services);
- Proprietary products/services that are owned by another entity or require special licensure (such as Lexis Nexus subscription service);
- Specialized services that require specific expertise unique to a particular agency (such as biologists to support watershed restoration efforts); and

**c) Waivers:** District Government contracts exceeding \$250,000 require a 35 percent subcontracting set-aside with SBEs. Subcontracting requirements may be waived by the Department of Small and Local Business Development (DSLBD) if an agency submits an official waiver request to DSLBD justifying why the requirement cannot be met by SBEs.

**Planned Acquisitions: SBE Eligible**, also referred to as an agency's **Expendable Budget**, is the amount of the agency budget remaining for purchasing products and services after subtracting the aforementioned Automatic Exclusions and Special Exceptions, and Anticipated Transfers. By law, agencies are required to spend 50 percent of their Expendable Budget with SBEs.

Businesses are encouraged to review the detailed records for this budget category at [CBEconnect.dc.gov](http://CBEconnect.dc.gov) to identify potential areas in which to expand their business and pursue contract opportunities.

## 2. FY20 SBE Spending Goal & Calculation

The FY20 SBE Spending Goal is the minimum amount that each D.C. government agency is required to spend with SBEs between October 1, 2019 and September 30, 2020. The goal is set by dividing the Expendable Budget in half (50%). Goals will be adjusted throughout the year based on budget changes and adjustments (ADJUSTED GOAL).

## 3. FY20 Planned Acquisitions Highlights

Annually, agencies report how they plan to spend their procurement dollars on various products and services. They update their forecasted spending plans throughout the year.

This guide highlights some of Planned Acquisitions by category and includes the associated NIGP/commodity code. These highlighted examples may be of particular interest to SBEs because:

- in the past agencies indicated they could not find SBEs for the product/service; or
- these are products/services that SBEs could provide directly, via subcontracting with primes, teaming with other CBEs and/or building the business' capacity.

**FY20 Planned Acquisitions Highlights** data published in this book is current as of **November 25, 2019**. For the most current data, please visit [CBEconnect.dc.gov](http://CBEconnect.dc.gov).

## 4. Previous Fiscal Years' SBE Spending

The SBE Spending is the total amount of funds that an Agency spent with SBEs. The amounts for FY16, FY17 and FY18 are final (audited and verified).

The FY19 Preliminary SBE Spending amount included herein are based on transactions recorded to the Office of the Chief Financial Officer's System of Accounting Record (SOAR) as of October 30, 2019. These expenditures are preliminary and unaudited, which are subject to change based on final adjustments and modifications to the District's accounting records in preparation for the District of Columbia 2019 Comprehensive Annual Financial Report (CAFR).

Agency's SBE spending amounts may vary year to year depending on several factors including:

- Priorities specific to a fiscal year;
- Overall budget increases and decreases, such as technology upgrade or other mission critical procurements that may be funded in one fiscal year but not the next; and
- The source of the funds received may have a restricted use and is not be available to SBEs.

**Goals will be adjusted throughout the year based on budget changes and adjustments.**

To view the FY19 Adjusted SBE Spending Goal and Actual SBE Spending based on final, audited data, visit [CBEconnect.dc.gov](http://CBEconnect.dc.gov) in February 2020 and click *Reporting*.

## Requirements Behind The SBE Goal Setting And Spending

To read the full text of the policy and legislation governing the SBE goal setting, agency spending requirements and the CBE program, visit [CBEconnect.dc.gov](http://CBEconnect.dc.gov) and click *Review Agency SBE Requirements*.

## WHAT IS A CBE?

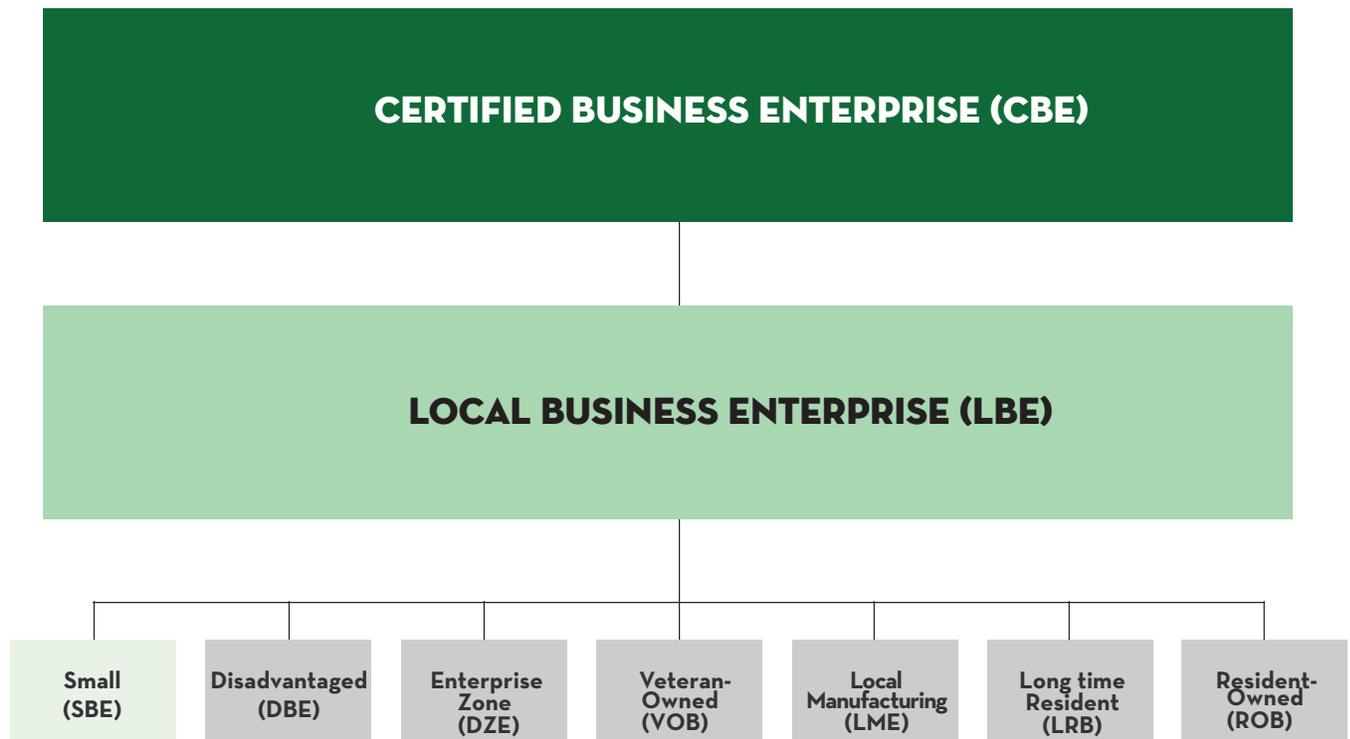

- **Procurement Preference.** CBEs are registered companies with the Department of Small and Local Business Development (DSLBD) and receive preference in District Government contracting and procurement.
- **Certification Categories.** To become certified, a business must meet the requirements of an LBE, a Local Business Enterprise, by demonstrating the business is headquartered in the District and that more than fifty percent of employees, owners, or assets or gross receipts reside in the District of Columbia.
- **Subcategory.** CBEs can apply for additional certifications to receive added preference in procurement, including Small, Disadvantaged, Resident-Owned, Longtime Resident, Enterprise Zone, Veteran-Owned, and Local Manufacturing.

## WHAT IS A SBE?

- **Procurement Preference.** SBEs are a CBE subcategory. District agencies monitored by DSLBD are subject to an annual SBE spending goal requirement, and SBEs receive preference within set-aside procurements.
- **Certification Requirements.** To be certified as an SBE, a business must demonstrate that they are: local; independently owned, operated, and controlled; meet the U.S. Small Business Administration definition of a small business; and have not exceeded DSLBD thresholds for annualized gross receipts over the past three years.
- **Agency requirements.** While agencies have SBE spending requirements, if no SBEs are available to complete work, agencies must spend with CBEs.

## WHY DO CERTAIN DSLBD DOCUMENTS REFERENCE CBE SPENDING GOALS?

Prior to the 2014 Small and Certified Business Enterprise Development and Assistance Amendment Act, all CBEs received equal preference for District contract and procurement. The 2014 Act added priority to SBEs. Public recognition of the program has continued to follow the term CBE. While DSLBD has implemented the update in the law, rebranding of the spending goal to match the new priority will take time.

## CONTRACTING ASSISTANCE

This guide is part of a larger suite of services that the District offers to connect SBEs to procurement opportunities.

### 1. Finding Contract Opportunities Using CBEconnect.dc.gov

The Department of Small and Local Business Development (DSLBD) is dedicated to maximizing SBE participation by linking existing SBEs to contracting opportunities. CBE Connect is a comprehensive and robust undertaking by DSLBD to provide CBEs a one-stop shop for all contracting and procurement needs.

### 2. Available Assistance To Help SBEs Compete For Contract Opportunities

DSLBD's D.C. Procurement and Technical Assistance (DC PTAC) program offers free, in-depth contracting assistance to qualified D.C. businesses. Once SBEs meet DC PTAC requirements, they may work with PTAC contracting specialists to expand their business to identify and compete for local and federal contract opportunities.

**Requirements:** Must have a business plan, have a DUNS number, be a registered business with DCRA, and have past performance (government preferred). People often have the misconception that any business can work with PTAC, but they must meet the requirements.

Contact DC PTAC at **202.727.3900** or [dslbd.dc.gov/ptac](http://dslbd.dc.gov/ptac)

#### OCP Ombudsman

The Office of Contracting and Procurement (OCP) Ombudsman provides contractors and subcontractors performing work or providing services under a District contract a fair, informal, impartial and confidential voice through which they may communicate their complaints and concerns regarding contracting and procurement. Contact OCP Ombudsman William Peter Teague (Pete) at 202.724.4197 or [William.Teague2@dc.gov](mailto:William.Teague2@dc.gov).

### 3. Worksheet

DSLBD created a worksheet (page 39) as a companion tool to help SBEs use this book and [CBEconnect.dc.gov](http://CBEconnect.dc.gov) to find and prepare for D.C. Government contracts.

**website:** [www.mwaa.com](http://www.mwaa.com) | **phone:** 703-417-8672 | **address:** 1 Aviation Circle, Washington, DC 20001-6000

The Metropolitan Washington Airports Authority (Authority) LDBE Program provides opportunities to local small business firms without regard to race or sex. These LDBE firms are eligible for any Authority contract that requires LDBE participation. An LDBE is defined as a small business concern, which is organized for profit and located within a 100-mile radius of Washington, DC's Zero Mile Marker. The average annual gross receipts, based on the firm's last three years of receipts, must not exceed the small business size standard established by the Authority for the services or goods that will be provided in an Authority contract. The receipts of all affiliates are counted in determining size.

# WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY

phone: 202-962-1234 | address: 600 Fifth Street, N.W., Washington, D.C. 20001

The Washington Metropolitan Area Transit Authority (WMATA) is responsible for 91 Metrorail stations and 117 miles of track, along with managing 1,500 buses 24 hours a day, seven days a week. Building and maintaining our transit system is done with financial assistance from the Federal Transit Administration (FTA). Through the Disadvantage Business Enterprise (DBE) program, it is WMATA's policy that DBEs have an equal opportunity to receive and participate in federally-assisted contracts. WMATA's advance procurement planning structures contract requirements to facilitate competition by small business concerns; taking all reasonable steps to eliminate obstacles to their participation, including unnecessary; and unjustified bundling of contract requirements that may preclude small business participation in procurements as prime contractors or subcontractors. WMATA also ensures that no contractors or vendors are discriminated against on the basis of race, color, national origin, sex or any other unlawful basis in the award and performance of contracts and subcontracts. WMATA procurements are designed to remove artificial barriers to participation on federally-assisted contracts and create a level playing field on which DBEs can compete fairly.

## PEPCO

**website:** pepco.com | **phone:** 202-331-6292 | **address:** 701 Ninth Street, NW Washington, DC 20068

The District of Columbia Power Line Undergrounding (DC PLUG) initiative is a partnership between the District and Pepco to improve the reliability and resiliency of the District of Columbia electric system by placing select systems underground. The Task Force determined that improvements to the District of Columbia's electric distribution system to enhance its resiliency and reduce power outages caused by storms would require new investment. The Task Force identified a funding process that allowed the District government to use its authority to significantly lower the cost of borrowing and to work in conjunction with Pepco's traditional funding and rate recovery mechanism, reducing the impact on District of Columbia utility customers, as the most prudent method for funding these improvements.

# DES CERTIFICATION PORTAL

**Compatible with Chrome, Safari, and all other commonly used browsers**

**Certification application process reduced from 16 steps to 8 steps**

**Recertification process streamlined significantly**

**Mobile-ready for cell phones and tablets (iOS and Android)**

## DES FAQs

### **I am interested in CBE certification, what steps do I take?**

To learn about the CBE requirements and obtain a checklist of required documents it is recommended that you take the CBE Wizard using CBE Connect (<http://cbeconnect.dc.gov>). After learning about the program, to apply, you will need to access the DES Certification Portal to submit your application.

### **How do I access the DES Certification Portal?**

To access the DES Certification Portal go to the DSLBD website at <https://dslbd.dc.gov>. From the menu, select Get Certified. Next select New Applicants (at the bottom of the page). Select the register in the new DES system link or type URL (<https://des.dslbd.dc.gov/Registration>).

### **I am an existing CBE and would like to make changes to my certificate or complete my recertification application in the new system; how do I log into the new DES Certification Portal?**

Contact the DES System Administrator at [DES.Support@dc.gov](mailto:DES.Support@dc.gov) to request access to the DES. Please provide your first and last name, business name and CBE Number in the email.

We would love your feedback on the FY20 Green Book (SBE Opportunity Guide) and companion resources!

**Share your thoughts to help the District Government improve our services for the small business community each and every year.**
