

INFORMATION TECHNOLOGY & HIGH TECH BUSINESS TRADE MISSION TO CANADA MONTREAL | OTTAWA | TORONTO

July 9 - 12, 2013

TOP IT EXPORTS TO CANADA:

| Software | Security |
Information Management
| ICT Consulting |
Telecommunications |
Cloud Computing |

TOP HT EXPORTS TO CANADA:

| Biotech | Defense |
Aerospace | Renewables |

DSLBD wants to help expand your small information technology (IT) and High Tech (HT) business to Canada. Take advantage of a coordinated support program including: one-on-one meetings with pre-screened potential customers and partners, and customized market briefings from U.S. Commercial Service IT and HT sector trade experts.

Qualified businesses may be eligible for State Trade and Export Promotion (STEP) funding to receive financial support for approved export marketing activities, including trade mission costs.

WHY CANADA?

- Canada is the number one trading partner for the United States.
- The North America Free Trade Agreement (NAFTA) means DC firms face few trade barriers and are more price competitive.
- Canada is a growing market for US services in the IT sector.

For more information, contact Gustavo Garcia-Benavides, International Trade Manager, at (202) 741-8682 or gustavo.garcia-benavides@dc.gov.
